## PROFILE

Motivated Junior Software Engineer & Frontend Developer skilled in **JavaScript, React, HTML, CSS/Tailwind**, and Git/GitHub. Experienced in building responsive, user-focused applications such as dashboards and task managers. Currently pursuing a **Diploma in Computer Science / Cybersecurity**, strengthening foundations in **algorithms, data structures, and security principles**. Passionate about clean code, problem-solving, and contributing to forward-thinking tech projects.

## SKILLS

### Technical Skills

- **Languages & Frameworks:** JavaScript (ES6+), React, HTML5, CSS3, Tailwind CSS
- **Tools & Platforms:** Git, GitHub, Vite, VS Code
- **Core Knowledge:** Web Development, Cybersecurity Basics

**Soft Skills:** Problem-Solving • Adaptability • Collaboration • Attention to Detail

## PROJECTS

- **Task Manager App** – Built with Vanilla JS, HTML, and CSS; allows users to add/delete tasks, store them in local storage, and interact with a clean, intuitive UI.
  - ◊ **Challenge:** Managing persistent tasks between sessions.
  - ◊ **Solution:** Implemented local Storage to retain tasks, improving usability.

## EDUCATION

### WASSCE

St. Peter's Senior High School  
Biology/Biological Sciences, General  
Mar 2021 – Sep 2023

### Diploma

Ghana Communication Technology University (GCTU)  
Computer Science, Cybersecurity  
Jan 2025 – Oct 2026

## COURSEWORK

- Linear Algebra
- Discrete Maths
- Computer Architecture
- Statistics
- Digital Electronics
- Computer Systems
- Cyber Security Tools and Techniques
- Technical Report Writing

## INTERESTS

Problem Solving - Sports - Fitness
